23. Problem: (use additional Sheets if necessary)
A later version of the Mozilla browser was released the day before the CCR was approved. Also, the version was not specified for Legato or Acrobat Reader in the original CCR.

24. Proposed Solution: (use additional sheets if necessary)
Install Mozilla 1.7.2 -- the latest available release currently -- instead of 1.7.1 on hosts f0tep02, p0tep04, and t1tep01 as specified in the original CCR.   The version of Legato Networker to install is 7.1.2. The version of Acrobat Reader to install is the baseline version, 5.0.5, if still available.

Mozilla is freeware; no licenses required.

25. Alternate Solution: (use additional sheets if necessary)

26. Consequences if Change(s) are not approved: (use additional sheets if necessary)
Can't test using today's most recent version of Mozilla.
